

## WORK EXPERIENCE

**Tailor Lot No. 1 Levi Strauss & Co.**

London, UK | Oct 18 – Date

I work with clients to design their perfect made-to-order pair of luxury jeans. I also pattern draft and sew these jeans in house. In addition to this tailoring role, I have used my coding skills to analyse client data, track denim stock levels & amend client-facing HTML emails.

Key achievement: Designing and prototyping a digital order system which would increase manufacture efficiency by up to 40%\*.

**Design Lead OSIER**

Amsterdam/London | Jun 17 – May 19

I designed and prototyped a full range of accessories for each capsule collection. I developed technical specifications, led fabric sourcing, quality assurance and managed the creative direction of the brand.

Key achievement: Winning the Eluxe Award for best emerging fashion brand 2019.

**Code First Girls Ambassador**

London, UK | Feb-July 19

I managed socials, meet-ups, and developed a London community for girls entering into tech.

Key achievement: Advanced Python comp winner.
